WorkForce Software to Discuss Best Practice Trends and Cost Saving Solutions in Workforce Management

**Livonia, Mich.**, September 3, 2008 - WorkForce Software, Inc., a leader in workforce management solutions, will be attending the Midwest Regional Payroll Conference and the Northwest Regional Payroll Conference to highlight best practice trends in workforce management. WorkForce Software's EmpCenter offers medium to large organizations, with complex payroll requirements, a cost-effective solution to managing its workforce.

"Throughout the year, WorkForce Software is an active supporter of APA events across the nation, because these conferences provide payroll professionals with valuable and educational information specific to their field," said CEO and President Kevin Choksi of WorkForce Software. "We also get the opportunity to speak with payroll professionals and get their feedback on their needs. It is an excellent opportunity to meet with future and current customers."

WorkForce Software will demonstrate its EmpCenter Workforce Management software to show attendees how employers can significantly reduce the time and money spent managing their workforce while ensuring compliance with state and federal regulations. With the help of WorkForce Software industry experts, its customers benefit from the data-driven rules engine that efficiently enforces HR policies and other business rules.

A first time exhibitor at the Midwest Regional Payroll Conference, WorkForce Software will exhibit September 10, and September 11, at the Chateau on the Lake Resort in Branson, Missouri. Payroll professionals from six states, including Missouri, Kansas, Iowa, Illinois, Oklahoma and Arkansas, will gather for this event to network, attend educational sessions, and visit the exhibit hall.

A proud sponsor and frequent exhibitor at the Annual Northwest Regional Payroll Conference, WorkForce Software will be at the Lynnwood Convention Center in Washington on September 18. A proud sponsor and frequent exhibitor at the NW APA Conference, WorkForce Software professionals look forward to speaking with attendees about their workforce challenges while providing best practice solutions.

Stop by one of the WorkForce Software booths to see how EmpCenter can make your job easier.

### **About WorkForce Software**

WorkForce Software, Inc. is a leader in workforce management systems for mid-sized and large employers. Its EmpCenter system automates and streamlines interactions between the employer and its workforce, and manages country, state and organizational rules that determine how those employees are paid. Interactions include time entry, time-off requests, request for personal information, and schedule preferences. By automating these business processes, organizations can better manage payroll and processing costs, help ensure compliance with state and federal regulations, and increase the productivity and satisfaction of their employees. The EmpCenter suite is composed of numerous applications, including Time and Attendance, Activity Based Costing, Multiple Assignments, Accruals and Absence Manager, FMLA Manager, Advanced Scheduling and WorkForce Reporting. WorkForce Software's diverse customer base includes large employers such as the University of California, the City of Raleigh, Vivendi Universal Games, and Compass Bank.
